
ALISON NISH

Alison holds a Bachelor of Education from Montreal's McGill University as well as a Bachelor of Commerce and Business Administration from Concordia University.

The early stages of her career focused on positions in Accounting and Finance. She held the position of Commercial Accounts Auditor with the Royal Bank of Canada as well as Manager of Finance & Accounting for a 10 year period in the retail sector.

In mid-career, Alison turned to the education sector, having attained her provincial education license from the Minister of Education of Quebec. She developed programs and taught multiple subjects at the high school level and in the adult education sector, followed by a number of years at the Sacred Heart School of Montreal, where she was Head of the Mathematics Department. Following this, Alison did freelance translation and adaptation of college-level programs for the Ministry of Québec.

Her experience prior to joining Alan Davis & Associates Inc, has proven to be extremely beneficial, in that it combines the traits of clear thinking and analytical ability with the capacity to communicate effectively across organizations at all levels.

As a Project Manager with Alan Davis & Associates Inc, Alison has taken a leadership role with a number of our major clients in assessing their needs, devising comprehensive and viable solutions to different recruiting challenges and successfully implementing winning solutions. She continues to demonstrate a unique ability to engage stakeholders both internally and externally in such a way as to have everybody moving in the same direction at the same time.

Alison has also shown a penchant for constantly being aware of the health of her recruiting mandates and being proactive in applying the appropriate effort in a timely fashion. In addition to building strong client relationships, she has succeeded in gaining respect from the senior level candidates that she works with every day.

In addition to working on mandates within her own field of expertise, Alison has been very successful in working on complex mandates in such technology-oriented industries as Oil & Gas, and Aerospace.

Alison has worked as a volunteer for a number of non-for-profit organizations in the role of both event organizer and fundraiser. She has also hosted a number of sporting events in and around the Montreal area.
